

EXPEDITION BOATS INTEGRAL SERVICES

HEAVY DUTY INFLATABLE BOAT PUMAR 470

It's a professional boat designed for the transportation of cargo and passengers, suitable for **patrol activities**, support of **search and rescue** units, as a support vessel for diving teams, or any other nautical activity.

It is fully foldable and can be packed into 2 carrying bags, making it easy to transport. It features a buoyant tube made of Hypalon fabric, which provides resistance to abrasion, UV radiation, and hydrocarbons.

It comes with a removable aluminum and marine plywood floor.

It is a reliable vessel that offers great versatility and safety.

CAPACITY

- Passenger Capacity: 9 People
- Maximum Load: 1,190 Kg
- Working Surface: 2.65 m²
- Tube Volume: 1.71 m³

DIMENSIONS

- Overall Length: 470 cm
- Overall Width: 192 cm
- Boat Weight: 125 Kg
- Working Surface: 2.65 m²
- Tube Diameter: 50 cm

SAFETY/INFLATION

- Watertight Compartments: 5
- Inflatable Keel: 1
- Working Pressure: **3.4 PSI**
- Perimeter Lifeline: 1

ENGINE POWER

- Maximum Power: **50 HP**
- Recommended Power: **40 HP**
- Transmission Length: **20"**

VALVE

- Tube Inflation Valves: **4**
- Overpressure Valves: **4**
- Keel Inflation Valve: **1**
- Transfer Valves: **4**

ACCESSORIES

- Interior "D" Rings: **14**
- Pull Rings: **2**
- Tow Rings: **2**
- Bow Pull Handle: **1**
- Lifting Eyes (Mirror): **2**
- Foot Pump: **1**
- Repair Kit: **1**
- Oars: **2**
- Carrying Bag: **1**
- User Manual: **1**

FABRIC

- Main Tube and Keel: **CSM/Neoprene and 1100 Dtex Polyamide Coatings**
- Bottom: **CSM/Neoprene and 1100 Dtex**
- Polyamide Coatings Rings: **Stainless Steel AISI 316 L**
- Transport Handles: **4 Black Rubber Acetal Handles**
- Inflation and Overpressure Valves: **Black Acetal**
- Transfer Valves
- Perimeter Bumper: **120 mm Reinforced PVC with Water Guard**
